PROFESSIONAL SUMMARY

Bachelor's degree holder in Electronics and Communication Engineering with practical experience in SQL, Microsoft Excel, Power BI, and Python for data analysis and reporting. Skilled in data cleaning, exploratory data analysis, and building interactive dashboards to identify trends and support business decisions. Experienced in validating data accuracy and documenting reporting logic through project-based work, with analytical thinking, problem-solving, and communication skills suited to cross-functional collaboration.

EDUCATION

Bachelor of Technology (Electronics and Communication Engineering) — 2022 - 2026

Bhimavaram Institute of Engineering and Technology, Andhra Pradesh — Percentage: 8.13%

Intermediate, MPC — 2020 - 2022

S.R.J. College, Garividi, Andhra Pradesh — Percentage: 54.7%

SSC — 2019 - 2020

Z.P.H School, Pedabantupalli, Andhra Pradesh — Percentage: 98%

TECHNICAL SKILLS

Programming: Python(Variables, Data Types, Operators, Conditional Statements, Loops, Functions, Strings, Lists, Tuples, Sets, Dictionaries)

Database: SQL, MySQL

Data Analysis & Visualization: Microsoft Excel(PivotTables, VLOOKUP, XLOOKUP, IF, SUMIFS, Data Cleaning, Conditional Formatting, Charts), Power BI, Power Query, DAX Tools: GitHub, VS Code, Jupyter Notebook, MS Word

Core Competencies: Data Analysis, Data Cleaning, Data Validation, Analytical Thinking, Problem-Solving, Reporting, Communication, Collaboration

PROJECTS

SQL Retail Sales Analysis Project

- Performed data cleaning, validation, and exploratory analysis on retail sales records using SQL to identify sales trends, customer behavior, and category-wise performance.
- Applied GROUP BY, JOINS, subqueries, CASE statements, and window functions to structure and analyze data for accurate reporting.
- Conducted customer-level analysis, identifying top customers and monthly sales patterns to support business insights.

Tools: SQL, MySQL

Sales Data Analysis — Microsoft Excel

- Analyzed 2,000 sales transactions using Excel to identify sales trends across regions, salespersons, and payment methods.
- Created PivotTables to analyze total sales, quantity, discounts, and average unit prices.
- Compared sales performance across different business categories and validated summarized results.

Tools: Microsoft Excel, PivotTables

CERTIFICATIONS

- Data Analytics Internship Certificate — NXT SYNC
- Data Science Internship Certificate (Stipend-based) — Unified Mentor
